

Client Renewal Form

The Maitri Project subsidizes psychotherapy clients who cannot afford to pay the full cost of counseling or psychotherapy sessions. This form supplies the Maitri Project with important information in order to consider you for this program as a renewing client. You are not joining any organization by filling out this form. The Maitri Project *subsidizes* therapy; however, all clients will be required to pay a fee to their psychotherapists (**\$40-\$60 per session**).

All clients who receive subsidies from the Maitri Project must contribute a contracted amount, or “co-pay” for the cost of the psychotherapy. The Maitri Project subsidy, based on financial need and extenuating circumstances, will determine the amount of the co-pay.

The psychotherapists participating in the Maitri Project are not a part of The Maitri Project and have no legal affiliation with it. Nor is The Maitri Project legally responsible for any work that you do with any psychotherapist. If you are renewed for subsidy, your work is confidential and any transaction, relational difficulty, or problem is between you and the therapist. The Maitri Project has no responsibility for the psychotherapy sessions and does not guarantee the work of the therapist. If you are unsatisfied with the psychotherapist, it is your responsibility to terminate sessions. After termination with a psychotherapist, if you would like to apply to work with another psychotherapist at that time, you must re-apply to The Maitri Project for subsidy at that time.

The Maitri Project may refuse, reject or discontinue subsidy at any time without notice and without cause. The Maitri Project does not promise continuation of services or support nor is it responsible for or liable for discontinued participants.

If you are renewed by the Maitri Project as an “Approved Client for Subsidy”, you and your psychotherapist will receive notification by email. For your psychotherapist to receive your subsidy for your individual sessions, you must sign and return your contract (provided with acceptance to the program) and each session must be documented with a “Session Documentation Form” which you will sign at the completion of each session with the therapist.

I have read the above and agree to it, as I attest by checking the box and signing below.
